

## LORIMER DEFENDS HIS ELECTION

### ILLINOIS SENATOR DECLARES SENATE WAS HUMBUGGED BY HIS ENEMIES

WASHINGTON, July 11.—With the floor and galleries of the senate chambers packed to suffocation, Senator Lorimer of Illinois opened his personal defense of his right to sit in the senate by delivering a speech this afternoon.

Senator Lorimer was cool and collected and stood behind a desk littered with books, papers and notes. Striking picturesque in appearance, the phrases of speech were made dramatic by the lightning flashes and the storm that was raging outside the chambers.

"I will show that not one vote was corruptly cast for me," declared Senator Lorimer. "The sen-

ate was humbugged by my enemies into the second investigation and if the senate decides to adopt the recommendations of the minority committee it will be a travesty on all civic jurisprudence and a mockery of legal procedure. It will mean that the senate has decided to follow the red flag of anarchy and adopt the principle of that arch-advocate of the recall of judges and judicial decisions."

Senator Lorimer declared that all the trouble was due to the Chicago "Press Trust," which, he declared, had "poisoned the foundation of truth and disseminated misleading information throughout the entire country."

### FIRE SPOUTS FROM CHIMNEY CAUSES ALARM

#### THREE ALARMS IS YESTERDAY'S FIRE RECORD IN THIS CITY

Fire spouting from the chimney at the Montana cafe resulted in a call being sent for the paid department last evening. The flames were shooting out to a height of several feet and at the time the alarm was sounded it appeared that a serious conflagration was in existence.

The flames were caused by the soot in the chimney burning. The chimney was cleaned out and the services of the department were not needed.

### BRIEF LETTER ACCOMPANIED BY CHECK FOR \$50

#### CONTRIBUTIONS MADE YESTERDAY TO BONANZA'S REHABILITATION FUND

The following brief, but expressive letter was received yesterday from Hon. Hugh H. Brown. The letter is self explanatory:

Tonopah, Nev., July 9.  
Dear Bill:—  
Enclosed find check for \$50. Please credit my account.  
Yours,  
HUGH H. BROWN.

Last evening a committee from the Servian club, an organization recently effected in Tonopah, waited on the Bonanza management and tendered three crisp \$10. bills. It was explained that the club members desired to show their appreciation of the efforts being made to continue the publication of this paper, and that to better express the sympathy, a collection had been taken up.

Thanks were duly given in both instances, that is an attempt was made to give thanks, but somehow it is a difficult matter in such cases to talk.

### BRYAN DID NOT MENTION TAYLOR'S NAME

HELENA, July 11.—Hubert Howe, private secretary to William Jennings Bryan at the Baltimore convention, declared today that Bryan

had volunteered from his famous Room-Hogan-Bonanza resolution a line stating her daughter, Mrs. Bryan, was attending at President Taft's camp, which was this morning because Mrs. Taft occupied a room in the Pendergast, where she is now residing.

### GUISTI WINS CASE FOR THE SECOND TIME

#### PLAINTIFF AWARDED DECISION IN CASE HEARD IN DISTRICT COURT

John Guisti was awarded a verdict Wednesday in the district court, in his case against Pete Jackish. The plaintiff brought a suit for damages under a breach of lease and in the justice court Guisti was awarded a decision in his favor. The case was appealed to the district court and the work of securing a jury was started July 3. The case was resumed Monday and after four days the jury rendered a verdict favoring Guisti for the second time.

### MAILING LIST FOR BONANZA IS NOW COMPLETE

#### FOR FIRST TIME PAPERS ARE SENT OUTSIDE TO SUBSCRIBERS

With this issue of the Bonanza, several out of town subscribers will receive their paper for the first time since the fire Sunday night that seriously affected the exterior and interior appearance of the Bonanza plant that was. The extreme heat made the mailing galleys unrecognizable, and in fact we have been unable to find the slightest trace of the galleys.

From various records and sources we have obtained names that should be on the mailing list and the impromptu list will be resorted to this morning. Others, who are subscribers, failing to receive this paper and reading this notice, would confer a favor upon our circulation manager by registering a firm complaint.

### MINING MAN BACK FROM TRIP ABROAD

William Eya, a well known Nevada and California mining man, who has extensive interests in this section, arrived yesterday and is the guest of Mr. and Mrs. John G. Kirchner. MANHATTAN VOLUNTEER FIRE DEPARTMENT.

By C. T. Lawrence, Secty.

### WALTER DRYSDALE TAKES THE ROLE OF A LIFE-SAVER

#### RESCUES BONANZA FORCE BY TIMELY ARRIVAL WITH REFRESHMENTS

Walter Drysdale of the Bank soon took pity on the Bonanza force last evening while the work of getting out the midnight edition for the rural mail was under way, by personally calling at the editorial rooms with an armful of beer and sandwiches. We always did think well of Mr. Drysdale, but now we will state that we will vouch for him every time. His arrival last night was just at the right time, for many new and valuable ideas were generated thereafter. Mr. Drysdale was cordially requested to call again, and again, and again.

### TONOPAH WILL BE VISITED BY CIRCUS TODAY

#### ADVANCE NOTICES DESTROYED BY FIRE OF LAST SUNDAY NIGHT

Tonopah will be visited by a circus today. Advance news on the circus was received by the Bonanza last week, but the matter became misplaced in our desk Sunday night and has not been noted since. According to the best of our recollection the affair is known as Jones' mammoth show and has a mammoth attraction. It is believed the circus will pitch its tents at the ball grounds.

### SHOOTING SCRAPE NARROWLY AVERTED BY STATION AGENT WEDNESDAY EVE. AT THORNE

But for the cool headedness of Station Agent R. M. Turnich at Thorne, Wednesday evening, a murder was probably prevented. Turnich and his wife were seated on the rear of the depot platform, when a dog belonging to "Doc" Stewart, a saloon keeper, persisted in making himself obnoxious. Turnich chased the animal off the platform and was immediately accosted by Stewart, who, with gun in hand, threatened the agent's life.

Turnich in turn asked Stewart to be reasonable as he would explain the matter. Stewart continued to slander the characters of both Turnich and his wife. He flashed his revolver and stated that he would kill them both if they made a move.

Turnich was unarmed and again asked Stewart to lower his weapon until he stated the reason why he had chased the animal from the depot property. Stewart had evidently been drinking and was looking for trouble.

Turnich swore to a warrant charging Stewart with an assault with a deadly weapon with intent to kill. Deputy Sheriff Box of Hawthorne placed Stewart under arrest.

A petition has been circulated throughout the district asking the county commissioners of Mineral to revoke the liquor license that was issued to Stewart.

Several persons witnessed the affair and all state that the attack on Turnich was uncalled for, and censure Stewart for his actions in making threats against human life.

### TONOPAH WILL HELP MANHATTAN ON LABOR DAY

#### BELMONT TUG OF WAR TEAM WILL MEET GRASS VALLEY CHAMPIONS

Preparations are already under way to help Manhattan have a good time on Labor day, and one of the premier events that will probably take place is a championship tug of war contest between a team from Tonopah and the champions of California, who reside in Grass Valley. Negotiations have already been entered into and it is more than likely that Mr. Cullinan who so ably trained the Belmont team will be able to bring about the match on the day when Manhattan celebrates.

It is understood that Manhattan will put up a liberal purse for this championship event and that a side bet of \$1,000 will be made. This number on the program should attract a great deal of attention and would undoubtedly cause a large number of Tonopah people to go to the pine tree camp on that date.

#### EARLY MORNING BLAZE OCCURS AT THE STABLES OF LOTHROP-DAVIS

The alarm was sounded but before the fire apparatus arrived the blaze had been extinguished by Bob Prouty and King Pearce who were the first at the scene. The damage was slight.

During the afternoon a second alarm was sounded by the mine whistles when a pile of rubbish west of town started blazing. The department responded and the blazing pile of rubbish was quickly extinguished.
